*quote by Ralph Waldo Emerson

In these times of destruction and devastation, a reminder of what the Earth can be, and what humanity once enjoyed is most important. This reminder has the power to make us realize that underneath all the dust and rubble, life is waiting to bloom. Come experience a new wave of variety, vibrancy and vitality at “The Earth Laughs in Flowers”.

SULTANA HASAN

"Flowers bring a sense of well-being and "joie de vivre" which uplifts the spirits. In contrast to their natural settings, the bouquet is a microcosm of the natural world, or in the words of William Blake, "To see the world in a grain of sand and a Heaven in a Wild-Flower".
