# Impressionist Prism by Asit Poddar

**ASIT PODDAR** - the ever smiling avuncular aesthete and multifaceted auteur with several solo shows exhibited at multiple European cities is a celebration of European architecture and sensibilities of form. Water colours and acrylics, with finesse and verve of unique impressionist sensibilities, his expressions evoke timeless charm and character associated with scale and magnificence of edifices steeped in cultural glory.

Asit Poddar presently showcasing his expansive repertoire of art expressions at Venkatappa Art Gallery from the 11th January to 18th January 2026 along with SG Vasudev, senior eminent artist, whose trajectories and renders are globally feted and celebrated.

Both the senior artists in tandem but solo shows in Gallery # 2 and # 3 is a must visit for serious art aficionados.

SG Vasudev from his early days at Cholamandalam Artists Village, Chennai has continued to inspire generations of artists and art lovers, and will be a personal privilege to have a conversation of heft and articulation of trends when I visit the location, shortly.

Continuum - a show organised by  
Gallery Time & Space.  
Venkatappa Art Gallery  
Kasturba Road  
Bengaluru 560001

# Illuminating Continuity

A happy trairpse into art and the visiting aficionados, collectors and mendicants, readers and followers and some more. The show inaugural of Continuum at Venkatappa Art Gallery had some outstanding works of art with Gurudas Shenoy , SG Vasudev , Asit Poddar , Asit Kumar Pattnaik, Jatin Das, Basuki Das Gupta, amongst many others. If only the lighting quality and floors ( non reflecting ) at the Gallery premises underwent a major change.

Art works showcased by Gallery TIME and SPACE certainly needs a heads up for a superlative collection collated for the show. Art works from top notch purveyors of aesthetics require appropriate plumage and display metric, in which lighting at Venkatappa Art Gallery certainly needs a leg up. Minutiae and fine detailing of rendition and the labour of consummate detailing thus is jettisoned. One prays and hopes, that the Brigade Group who have renovated the Gallery spaces need to review the lighting streams within the innards. Public spaces which are critical to the curatorial effort at events, will thus recieve impetus. Venkatappa Art Gallery is an iconic institution and one has fond memories of the place in its hey day.

Had the privelege to spend quality time to converse with SG Vasudev, Asit Poddar, Kanchan Rao , Kayal Sethu , Venugopal VG , Shirley Mathew, Sumitra, Sridhar Murthy, Renu George amongst many others as I had to rush back to some other important meeting.

This event is a celebration and a mint of a cerebral collation of some great art works, the show will continue at the Gallery Time & Space Lavelle Road after the week.
